 prajwalpo787@gmail.com

 Dallas , Melbourne

## EDUCATION

### Academy of interactive Technology

2022 - ongoing

Mobile Application Development

### Little flower school (Nepal , chitwan)

2009 - 2022

school/Highschool

## SOFT SKILLS

- Eager learner with a passion for technology
- Agile & Scrum Methodologies
- Problem-Solving & Critical Thinking
- Excellent problem-solving capabilities
- Time Management & Task Prioritization

## TECHNICAL SKILL

- **Programming:** Java, C# , c++
- **Web Development:** HTML, CSS
- **Database Management:** SQL (MySQL, PHPMyAdmin)
- **Frameworks & Tools:** ASP.NET (C#), Jetpack (Android Studio), Unity

## PROFILE

Dedicated and detail-oriented IT student with a good knowledge of application development, software lifecycle, architecture, Java, C++, and web technologies. Enthusiastic about applying technical skills in a dynamic workplace, while also seeking to enhance expertise through practical experience. Passionate in utilizing technical proficiency to enhance creativity and efficiency in the IT sector

## ACADEMIC COURSEWORK (EXPERIENCE)

### Enterprise system ( C# - asp.net )

- Developed a cloud-based Library Management System utilizing the MVC architecture.
- Built comprehensive CRUD operations for effective book inventory and user administration
- Integrated server-side and client-side capabilities, facilitating smooth database interactions and a scalable architecture.

### Mobile Application Android ( Java - jetpack )

- Created a Weather Application that incorporates real-time API data for precise weather forecasts.(MVC - CRUD)
- Deployed geolocation services, enabling users to obtain location-specific weather information.

### Database Systems (SQL, PHP )

- Implemented a database from designs, using SQL in PHPMyAdmin for tasks including creation, updates, and queries.
- Conducted complex SQL queries to analyze data, demonstrating detailed understanding of database operations.

### Digital Project Management

- Led the development of a perpetual racing car game in Unity, successfully managing the project timeline and team collaboration.
